Ms. Donna,

Hello, I come to your class every Wednesday, I'm the one that is always quiet and never talks.

I love Wednesdays cause coming to your church class really helps. I was raised with GOD in my life but I feel back. When I come to your class I feel the Holy Spirit. The Holy Spirit that you have is strong because I get it as I sit there and listen to what you preach. The DVD's that you bring in is awesome. I know GOD, but I'm trying to get that relationship with Him again Ms. Donna. I never want to fall back again. I believe GOD sent you my way to get me back on track again. When I get out, I am going to go to your church me and my 2 older kids. The songs and everything you do is so great. Ms. Donna, I wrote my testimony for you to read. you can show the other ladies if you want. And you can read some in class if you want. Just please don't say my name. Sorry that my hand writing got a little sloppy but my hand started to hurt. Ms. Donna, if you don't mind, can I get your phone # so when I get out I can get a hold of you. Cause I'm really serious about keeping my relationship with GOD when I leave. They are working on my offers now so it shouldn't be long when I go home. I kind of already know what the offer is but I'll be going home hopefully soon. I can't wait and go to your church. Well, I got to go for now. Please read my testimony and let me know what u think.
